

KAMPAI Project Coordinator Hisao ODAGIRI
KAMPAI Project Coordinator Michiko NYANGA

Activity support

農学部実験圃場

24th Apr 2017

Site visit to a pilot farm for Group 1 activity in UNZA.

Start 3S activity

3S Member

28th Apr 2017

Purpose of 3S activity is "Sort", "Set" and "Sustain".

Briefing before dispatch

JICA Ichigaya, Japan

April 2017

Briefing/Training/Orientation before dispatch in Tokyo, Japan. (Nyanga)

KAMPAI activity green house

The testing plants are growing here on the lead contaminated soil.

Sort and Set

Sort out chemicals by frequently.

Workshop

Not only project management is important but also Security, Health care, diplomatic English...

Future plan...

Glass green house next to KAMPAI house. Hope we also have such a nice one...

Discovery

We found some spare parts and made some equipment by recycling effectively.

JICA HQ Energy & Minig Group

I belonged to the Industrial Development and Public Policy Department at HQ.
